

SENIOR SOFTWARE ENGINEER

📍 Amman, Jordan 📞 +962 790685905 ✉️ mahmoudmamin9@gmail.com  

EXECUTIVE SUMMARY

As a Senior Software Engineer with over 5 years of experience, I specialize in backend development using Laravel, with strong expertise in PHP, MySQL, and JavaScript. I have worked on large-scale and complex projects, contributing to scalable system architecture, API development, and high-performance backend solutions. I collaborate closely with cross-functional teams and actively participate in code reviews to ensure code quality, maintainability, and adherence to best practices across the team. I also support team members by sharing knowledge, reviewing implementations, and helping improve overall development standards. My experience includes system design, database optimization, and building secure, scalable applications that align with business requirements. I am committed to continuous learning and staying up to date with modern technologies to deliver reliable, efficient, and future-ready software solutions.
